To whom it may concern,

John Kranjek and Belamere Suites have been a positive addition to the Perrysburg community for many years. The suites are very unique and attract people from all over the United States. The personal touches John has incorporated in their concept provide for a very positive experience. There have never been any ongoing problems with the facility that require regular police attention or negative public scrutiny.

Perrysburg has also benefitted from John's sense of community. He is very active with various civic organizations and our Convention and Visitors bureau. His insight into the tourist industry and his enthusiasm for the community has added greatly to the recent advances in our CVB's activity.

John and his business would not have a negative impact to any community where he would endeavor to locate.

Sincerely,

A handwritten signature in black ink, appearing to read "M. Olmstead", written in a cursive style.
